Re: MB Docket No. 10-56

Dear Chairman Genachowski,

As a County Commissioner for El Paso County, Colorado I am hopeful the FCC will see fit to approve the Comcast and NBC Universal venture and ensure that an already important member of our business community has the continued opportunity to grow and thrive.

I have a great deal of respect for Comcast and what it gives back to the 600,000 residents of El Paso County. As one of our county's major employers, it supports our families and our economy with job stability and benefits. It also ensures our community's competitiveness, among our business sector and our students, by providing technologies and services that are mandatory for success. And the local and state tax revenues ensured by Comcast are more important to us than ever. In short, Comcast is an indispensable part of our business community.

Comcast is also a willing and generous partner to our schools, libraries and civic centers by providing courtesy broadband and cable services to hundreds of locations in El Paso County. The company further shows its local spirit by hosting large scale annual events, known as Comcast Cares Days, and encouraging its employees and their families to find ways to better their communities through volunteerism. I can also say from firsthand experience as an active volunteer that Comcast is a generous contributor to hundreds of local charities and programs that are focused on improving the lives of our residents and building a bright future for El Paso County.

27 E. VERMILION AVENUE

COLORADO SPRINGS, CO 80903

OFFICE: (719) 520-6414

FAX: (719) 520-6397

I want to help to ensure that Comcast continues to grow and benefit our community. With that in mind, I encourage the FCC to support a Comcast and NBC Universal partnership.

Regards,

A handwritten signature in black ink, appearing to read "D. Hisey". The signature is fluid and cursive, with a large initial "D" and a stylized "Hisey".

Dennis Hisey
Commissioner
El Paso County, Colorado
